EDUCATION

Shri Govindram Seksaria Institute of Science and Technology, Indore 2022 – 2026
B.Tech. in Electronics and Telecommunication Engineering CGPA: 7.54/10
S.I.C.A. S.S. School, Indore Class XII: 94.2% (2021) Class X: 91.0% (2019)

TECHNICAL SKILLS

Languages: C/C++, Java, JavaScript, Python, SQL, HTML/CSS
Frameworks & Technologies: React.js, Next.js, Spring Boot, Spring AI, Tailwind CSS, Docker
APIs & Integration: REST APIs, Webhooks, OAuth 2.0, JWT, JSON, API Specs, viaSocket Embed
Developer Tools: VS Code, GitHub, Git, Agile/Scrum, Automation
Relevant Coursework: Data Structures and Algorithms, DBMS, Operating Systems, Computer Networks

WORK EXPERIENCE

Walkover Web Solutions (ViaSocket) Dec 2025 – Present
Integration Solution Engineer

- Designed and delivered **15+ end-to-end app integrations** using REST APIs, webhooks, and OAuth 2.0 across SaaS platforms (Salesforce, NetSuite, Calendly, Freshsales), improving data accessibility and reducing manual effort; enforced secure API access reducing unauthorized requests by 35%.
- Built event-driven and polling-based **Actions and Triggers**; contributed to agile sprints, wrote API specifications, conducted code reviews, and performed integration testing.
- Developed a production-grade hotel PMS using **viaSocket Embed**, embedding workflow automation into a Next.js SaaS product to trigger WhatsApp, Gmail, Slack, and Google Sheets events on booking actions with zero manual effort.
- Optimized end-to-end workflow reliability by handling **API errors, rate limits, pagination, and retries**; performed data-driven debugging to resolve integration failures across multiple connectors.

PROJECTS

Hotelator OS – Hotel Property Management System – Link Sept 2025
Next.js 14, React 18, TypeScript, Tailwind CSS, JWT, viaSocket, REST APIs

- Built a full-stack hotel PMS from scratch using **Next.js 14 App Router and TypeScript**, covering 6 core modules — reservations, guest profiles, room management, housekeeping, maintenance, and billing — in a unified dashboard.
- Integrated **viaSocket Embed** to automate 5+ hotel operation workflows — triggered WhatsApp notifications, Gmail confirmations, Slack alerts, and Google Sheets ledger entries on booking events, eliminating 100% of manual notification effort.
- Implemented **JWT-based authentication** with per-hotel session isolation and tokenized guest check-in links, enabling contactless self check-in and reducing front-desk manual processing by 70%.

Mental Wellness App June 2025
React.js, Spring Boot, SQL, JWT, REST API, WebSocket

- Built a full-stack mental wellness platform with **React.js and Spring Boot**; achieved 100% responsiveness and reduced page load time by 40% via optimized API design.
- Integrated a secure **JWT-based authentication system** with role-based access control, enabling protected access for 200+ test users during the pilot phase.
- Developed an **AI-powered chatbot** and real-time chat rooms using **WebSocket** for peer discussions, increasing user engagement time by 60% in early user testing.

POSITION OF RESPONSIBILITY

Placement Manager – Training and Placement Cell, SGSITS Indore Nov 2023 – May 2026
