S.I.C.A. S.S. School, Indore

TECHNICAL SKILLS:

Languages: C/C++, Java, JavaScript, SQL, HTML/CSS3, MongoDB

Frameworks & Technologies: React.js, Spring Boot, Tailwind CSS, JWT, Docker

Developer Tools: VS Code, GitHub, Git, RESTful API

Relevant Coursework: Data Structures and Algorithms, DBMS, Operating Systems, Computer Networks

WORK EXPERIENCE:

Fruit Rush (Web Development Internship) March 17, 2025- Present

- Engineered and launched **15+ reusable React.js UI components leveraging Tailwind CSS**, accelerating front-end development cycles by 20% and ensuring consistent user experience across all devices.
- **Collaborated with cross-functional teams** to integrate front-end components with back-end services, improving website performance and functionality.

PROJECTS

MENTAL FITNESS WEBAPP | Ongoing Development

June 2025

Technologies: React.js, Spring Boot, MySQL, JWT, REST API

- Built a full-stack **mental wellness platform** using **React.js** and **Spring Boot**, achieving **100% responsiveness** and reducing page load time by **40%** via optimized API design
- Integrated a secure **JWT-based authentication system** with **role-based access control**, enabling protected access for over **200+ test users** during the pilot phase.
- Developed an interactive **AI-powered chatbot** and **browser-based mind games**, increasing user engagement time by **60%** in early user testing.

AI RESUME GENERATOR

May 2025

Technologies: React.js, Spring Boot, Spring AI, JWT, REST API

- Implemented a React.js component library for the resume builder application, improving front-end development speed by 25% and ensuring consistent UI/UX across the resume generation platform during rigorous testing.
- Leveraged **Spring AI** to auto-generate personalized resume content, improving content quality and user satisfaction by enhancing language and tone
- Implemented **PDF generation and download functionality**, streamlining resume export with a clean UI and increasing completion rate during testing by **60%**

PERSONAL PORTFOLIO WEBSITE | [Project Link](#)

March 2024

Technologies Used: HTML5, CSS3, JAVASCRIPT

- Designed and launched a personal portfolio website featuring interactive project displays, resulting in a 40% increase in interview requests based on positive recruiter feedback regarding presentation

POSITION OF RESPONSIBILITY:

Placement Coordinator

November 2023- Present

(Training and Placement Cell, S.G.S.I.T.S)

- Liaisons with corporate recruitment team to invite top companies and manage the placement
- Oversees the logistics of pre-placement talks, group discussion and test conducted by companies
